

2007 English Drama Fest
Comments from Teachers & Adjudicators

Thanks very much Liliana. It was great to be involved in the Dramafest and your organisation was excellent. I really enjoyed the opportunity to visit another school as my experience of other schools in HK is limited. Thank you for making us feel welcome and for all your hard work in ensuring everything ran smoothly. My students and I gained a great deal from being involved. I will see you at the presentation on May 12.

PLK Tang Yuk Tien College

Thanks a lot for your help yesterday. Mr. Lo & students of your Stage Management Team are really professional and supportive. We appreciated your advice and assistance. I am sending you the production list of our team for your reference.

Wong Sau Yee Margaret
Tsuen Wan Govt. Secondary School

This is Neil Thomas of Carmel Secondary. Thanks for organising a great drama festival. My students enjoyed it hugely! Thanks! I wanted to ask you about whether or not there are any other days on which Carmel will be expected to perform? Also what function the outstanding performance day serves and finally as our group was acknowledged as having the best script and best music by the Judges, will we receive certificated for these specific awards in addition to the certificates of commendation?

Sorry to bother you with these last questions...
Hope you can have a rest after your hard work.

Warm regards.
Neil Thomas
Carmel Secondary School

The name of our actress is YEUNG HANG YEE.
Thanks for arranging all this and it was a very rewarding event for the students.

Ms Hung SKH Lui Ming Choi Secondary School

Thanks so much for organizing the fest. It was such a great opportunity for the students to learn and have fun. My girls treasure the experience.

Is it possible that I can get a softcopy of the certificates? I hope to give the backstage helpers certificates as I believe it means a lot to them.

Thanks a lot and see you there on 12 May!

Alice Lee
St. Clare's Girls' School

Congratulations on the success of the fest and last Saturday's ceremony. My students and I enjoyed every part of it.

Thanks so much for preparing the certificates. We're going to present them to the girls during the morning assembly.

Hope to see you again soon!

Alice
St Clare's Girls' School

Thanks for sending them over so quickly and thanks again for being the brains behind a very enjoyable festival!

Neil
Carmel Secondary School

Hi Liliana

Thanks so much for your beautiful card - it was very thoughtful. And well done to you for such a successful event.

Please keep in mind St Stephen's Girls' College to host the festival next year. I have mentioned it to my principal who is very supportive, but would of course have to check logistics and dates with the school calendar.

Best regards

Terri Donlon

St. Stephen's Girls' College

Thank you very much for working so hard and allowing us the privilege of participating in the 2007 Drama Fest. The festival was wonderfully organised right from the start, the information session, the workshops for teachers, keeping everyone informed along the way, the 3 performance sessions, and the finale on 12th May. You have excellent organization skills, thank you again.

I would really like to have the photographs taken by the official photographer on the 12th May. Please let me know how to go about it. Please revert. Thank you.

Warm regards,

Nisha Agarwal (Mrs.)

We really enjoyed the experience and well done to the organizers. Thanks also for rectifying the certs (we also have a name change from Charlotte Wray to Selina Cheng). Apologies! I would also like to enquire about hosting the festival? Is it to continue next year and, if so, are you looking for other schools to host it? We would be very interested in doing so.

Terri Donlon St. Stephen's Girls' College

I regret that we cannot attend the 12 May event simply because this will be the day we go to Guangzhou for recruiting new students from Mainland China.

I wish you have another very successful event. Thank you.

Best wishes,

David Jiang

Dean of School of Drama HKAPA

P.S. Both Anthony and Peter told me their very pleasant experience in attending the school drama performances, and found there were some very good quality pieces. The whole activity was encouraging.

We are thrilled to see that our girls have gained a lot from this project. Throughout the preparation and rehearsal, not only did they learn proper pronunciation, intonation and other speaking techniques, they also had a chance to think from different perspectives. It was always encouraging that they could make original and interesting suggestions about the performance. Now their spoken English has improved tremendously. Some of them are even more confident of themselves and more eager to express their ideas. One thing for sure is both our students and we teachers had a lot of fun!
